

PLASPERTEX PAINT CO LTD

Technical Product Data sheet

05.12

Product Name	Slip Resistant Additive
Product reference	-
Product description	Micronised polypropylene wax texturing agent
Uses	Non slip additive for concrete/block paving sealers
Pack sizes availability	480g pack
Colour range	n/a
Specific gravity	Approx 0.9
Flash point	n/a
Recommended addition rate	480g pack to 25litres of Stoneseal/Blockseal
Solids content	n/a
Drying time	n/a
Over-coating time	n/a
Minimum application temperature	n/a
Recommended dry film thickness	n/a
Method of addition	The use of a drill with a stirrer attachment is generally the most efficient method of addition.
Preparation	n/a
Storage life	Min 12 months in original sealed containers.
Thinning/cleaning	n/a
Safety precautions	Refer to the safety data sheet before use
Volatile organic content (voc)	n/a
Disposal	Used containers : categorised as non-hazardous with waste code 15 01 02 (plastic package)
